

EVOLUTION
by Hofele

EVOLUTION FOR YOUR G-CLASS.

The **EVOLUTION** is the latest addition to the range of enhancements for the iconic G-Class, by HOFELE.

Bold and distinctive, the new **EVOLUTION** exterior styling package consists of specially designed front and rear bumpers and extended wheel arches manufactured in Carbon Fiber. The front bumper features unique day time running lights that when combined with the optional roof mounted light bar give the **EVOLUTION** a very distinctive silhouette.

The extended wheel arches are designed to accommodate the range of exclusive 22" ~ 24" wheels by HOFELE and feature integrated styling air vents. All exterior trim enhancements are available in choice of body colour, chrome or carbon finishes which add to the many bespoke ways to individualise your G-Class.

HOFELE EXTERIOR

for G-Class

The bold new exterior style of the **EVOLUTION** by HOFELE. All exterior trim elements can be finished to choice in Carbon, Chrome, Black Chrome or body colour.

FRONT BUMPER

HOFELE's signature front grille continues on this latest G-Glass by HOFELE, now with a very distinctive new carbon fibre front bumper that incorporates unique Day Time Running Lights and blend into the wider front wheel arches.

WHEEL ARCH

Front and rear extended wheel arches with integrated air vents, manufactured in Carbon Fiber with addition Carbon inserts that can be finished in a choice of ways including carbon or exterior body colour.

REAR BUMPER
