

Welcome.

Welcome to HOFELE...

In a world with many choices, HOFELE offers a wide range of Bespoke enhancements designed to give you the possibility to own a Mercedes-Benz G-Class that reflects your personal choices and style. Ranging from practical solutions such as the HOFELE "full length" electrically deployable side steps to fully Bespoke seating, interior / exterior and wheel choices.

Please see following the HOFELE products available for the enhancement and personalisation of your Mercedes-Benz G-Class. Some HOFELE products are available individually and can be fitted by your local Mercedes-Benz specialist, others are only available when fitted at the HOFELE factory located in Germany. See details included on the price list.

Please contact us or our authorised sales and service partners to discuss your requirements, we are here to provide you with a truly Bespoke and unique G-Class by HOFELE.

Notes.

General

HOFELE is consistently developing and introducing new parts and products for the enhancement of Mercedes-Benz passenger cars, for the latest product information and pricing please contact us at sales@hofele.com

All prices are excluding German VAT and are subject to change without prior notice.

All images are for illustration purpose only, actual products may differ from the images shown.

Parts and products supplied ex-works may require specialist fitting / installation.

HOFELE-Design GmbH cannot give advice or confirmation that HOFELE supplied automotive parts and / or vehicle conversions comply with the local regulations for the import and / or use in your country / territory

Engine Tuning

Power increase to approximately 800 hp / 1,100 Nm (+/- 5% depending on engine condition).

This enhancement may affect the vehicles original warranty and or compliance with local emission regulations.

Please enquire at HOFELE for more information.
